

Brenda J. Majdic ASA, EA, FCA, MAAA
Actuary
Rael & Letson
Riverton, Wyoming

Biography: Brenda Majdic has been working as an actuary for the last 25 years, 18 which have been from here in Wyoming. Brenda received a Bachelor's of Science degree in Mathematics, with a Statistics option and a minor in Economics from Montana State University in Bozeman, Montana. After graduating, she continued to study and take exams to attain her actuary designations: Associate of the Society of Actuaries, Enrolled Actuary, Fellow of the Conference of Consulting Actuaries, and Member of the American Academy of Actuaries. Brenda has worked for clients that provide retirement benefits to their employees, including unions and public sector plans. As an Enrolled Actuary, Brenda practices before the IRS and prepares tax filings for these plans. Currently, Brenda works for Rael & Letson, a consulting company that is based out of San Mateo, California.

Workshop: *Math is More Than "Just for Fun"* - Come learn about the career that is continually ranked one of the top 10 best jobs for STEM. Brenda will give a presentation on what is an actuary, what it takes to become an actuary and provide hands-on-activities that will show you that math is more than "just for fun".
