Trapper works on a line crew in Riverton constructing and maintaining overhead and underground powerlines.

Zach Sanders
Apprentice Lineman
High Plains Power
Riverton, WY

Biography: Zach grew up in Lander and graduated from Lander High School. He began his apprenticeship in 2017. He completed his training and became a journeyman lineman in August 2021. Zach works on a line crew in Riverton constructing and maintaining overhead and underground powerlines.

Workshop: *What it takes to become a Journeyman Lineman* - We will begin with introductions and explain how to become a Journeyman Lineman and what the job entails. We will then have a high voltage electrical safety demonstration showing real life scenarios and a question and answer session. This class will be outdoors, between the gymnasium and the Health & Science buildings.
