

**Kaitlin Ryan**  
**Director of Education**  
**The Science Zone**  
**Casper, Wyoming**

**Biography:** Kaitlin is the Director of Education for The Science Zone in Casper. She obtained her B.S. in Environmental Science and Policy while working for the Walt Disney Company as a Conservation Education Presenter. She has a passion for the planet and creating a safe and sustainable world. She works alongside her guide dog, Zenn, and they enjoy spending time outdoors exploring the beautiful nature of Wyoming.

**Micki Wallace**  
**AmeriCorps Member**  
**The Science Zone**  
**Casper, Wyoming**

**Biography:** Micki is an AmeriCorps member currently serving her community at The Science Zone. Micki Wallace obtained a bachelor's degree in Psychology from the University of Wyoming while following a Pre-Medicine curriculum. She hopes to gain a PhD in psychology in her future. She is passionate about cognitive neuroscience, biology, and physiology. In her free time, she loves to read and try anything related to art. She is excited to pursue and share her love of all science for the rest of her life.

**Workshop:** *What makes Humans Tick?* Find out with brain dissection! Learn about the lobes of the brain, the inner structures, and the way they interact to make us, us! Join us in this hands-on class to get familiar with every single part of the organ that guides us!
